For Immediate Release**

August 26, 2015

**EARLY LEARNING FOR CHILDREN AT THE CPCC
GET REGISTERED FOR FALL**

Bolton, ON – At the Caledon Parent-Child Centre (CPCC), the end of the summer season and cooler weather means it's time to offer local families the opportunity to register for a wide range of free early learning programs and activities.

The years from birth to age six are the most influential in a child's development and how we care for our children during those first six years sets the stage for lifelong learning, behaviour and health. At the Caledon Parent-Child Centre, families with young children can take part in a variety of *free* early learning programs and activities. Parents and caregivers may also get helpful information about their child's development and about services to support that development. Be sure to register for their Fall session of programs the week of September 14 to 19. This Fall's schedule of parenting and infant development programs includes You & Your Baby and Infant Mother Goose. Preschool and early learning programs will also be offered, including Toddler Time, Play and Learn, School Here I Come, Math is Everywhere and Adventures In Science. Based on registration volume and space limitations, a lottery system may be used to determine participation. For more information on the Fall Schedule including detailed program descriptions and registration guidelines, visit www.cp-cc.org or call 905-857-0090.

"Family Time" drop-in is open five days a week and programs are also being offered at the Cheltenham and Caledon East locations. Please note that the Centre will be closed from Tuesday, September 8 to Friday, September 11 for Fall Program planning, but will be open on Saturday, September 12 for Family Time Drop In.

The CPCC/OEYC is a non-profit community service organization that provides support, resources, and education that strengthen families and promote the optimal development of children. Parents and caregivers with young children can access a variety of free child development programs, family support services and helpful information on parenting.
